Our Mission

Because of the Gospel, Entwistle Community Church exists to make disciples who; love Jesus, love His people, and live to make Him known – all to the glory of God.

Our Summer Internship

We desire to prepare and send out emerging leaders to be messengers of the gospel in a variety of contexts. Our Internship Program gives leaders the opportunity to explore and develop calling and skillsets in the context of vocational ministry. Ministry experience will be gained in the areas of Preaching/Teaching, Leadership, Spiritual Formation, and Discipleship. The intern will work approximately 30-35 hours a week for approximately 14 weeks in the summer. This includes practical ministry experience, theological, and leadership training.

The goal of the internship will be to equip and train the intern to reach their potential in skills they possess.

1. Leadership development – This will involve some reading and one-on-one mentoring with the pastor. Inventories will be taken with consultation and strategic plan with supportive accountability to accomplish objectives and develop skills.
2. Hands on Training – The intern will be exposed to a plethora of ministry experiences. This training will expose strengths and weaknesses of the intern. The intern will be placed in situations where decision-making and problem solving must be exercised and improved.
3. Team Building – The intern will learn how to work and communicate in a team setting. They will have opportunity to observe how decisions are made and how strategic meetings operate.
4. Professional Development - The intern will be challenged intellectually in the areas of theology, philosophy, and ecclesiology. Weekly training and discussion in these areas will occur.
