

# Gate Church Community

**Position:** Community Care Coordinator

**Part Time:** 16-24 hours per week

**Term:** On Demand (2 months notice)

The Gate Church Community is seeking a part-time leadership person to support our church community.

Being church, and our Scriptural discipleship in that journey, values the relationships Jesus brings and cares for community, and is less about religious institutions.

We're a great bunch who simply prefer people to programs and working to make our world closer to how God intended. Thus, mission is not a task, it's a way of living. Towards that, we are seeking someone who embodies hospitality, leadership and team building. This is not an admin role, or a lead pastor role, and requires a God-loving Christian, with Bible knowledge to invest into our community of faith and wider community of Brandon.
